

THE VENTISS RANGE

Like all the Winlock Specials the Ventiss range is made in the UK and is exclusive to Winlock.

The Ventiss range of window handles is one of the leading high end window handle brands in the UK and Winlock are delighted to be responsible for its manufacture.

The range is based upon 2 options of machined steel grip designs which are polished and finished to the highest quality standards.

Due to its 2 part construction the grip can be offered in different finishes to the handle base to create an exclusive and unique look.

The Ventiss range is only available through Ventiss – for more information go to www.ventiss.com or call 01462 677723.
