

## GIVE YOUR DOORS THE TS007 3 STAR TREATMENT

### 3 STAR TS007

As you may know TS007 is the test regime for the security of retrofit door handle and eurocylinders. The requirement for a 3 star solution is either a 3 star rated cylinder (which can then be paired with any door handle set) or a 1 star cylinder which must be paired with a 2 star security door handle set.

Winlock can offer either solution, and what 's more our 2 star handle set is all stainless steel construction, carries a 25 year surface finish guarantee and has been independently tested to 200,000 operations.

Winlock are offering special deals on TS007 certified door handles and cylinders, so you can buy a 3 star (or even a 5 star !!) set at great prices.

The offer is for September 2016 delivery only and is while stocks last. First come first served.

Here are the deals:

### 3 STAR CYLINDERS

Our Trimas 3 star cylinders are available in most common sizes (up to 100mm overall), in brass or nickel finish and with thumbturn and keyed alike options.
