

## Features and Benefits

- ▣ 6 Pin Anti-Pick, Anti-Drill, Anti-Dump, Anti-Snap cylinder, offering excellent performance.
- ▣ Available in Brass & Nickel as standard.
- ▣ Master keying and cylinders to pass available to special order.
- ▣ Each Cylinder supplied with 3 keys.
- ▣ To be used on PVCu, Timber, Composite and Aluminium doors.
- ▣ Cylinders operate mortice locks, multipoint locks and patio locks.
- ▣ Sacrificial anti-snap feature as standard.
- ▣ Keyed alike and thumb turns available ex-stock.

### Technical Information

#### Material Specification

**Cylinder:** Extruded brass body.

**Cam:** Sintered steel.

**Pins:** 6 pins, anti drill.

**Key:** Nickel plated brass.

**Screw:** M5 x 35mm on Patios  
& M5 x 50mm on Mortice locks  
nickel plated or polished brass screw.

**Finish:** Brass (Natural) or Silver  
nickel plated brass.

#### Assessment Data

Performance: Endurance tested 50,000  
cycles on PAS 023 specification.

Corrosion resistance: BSEN 1670.

Grade 3, 96 hours NSS.

Circa 20,000 key differ combinations.

#### Additional Information

**Available versions:** Standard, Thumb turn  
& Keyed alike.

**Box Qty:** 10 per box standard

**Box Qty:** 5 per box keyed alike.

**Box Qty:** 10 Thumb turn.

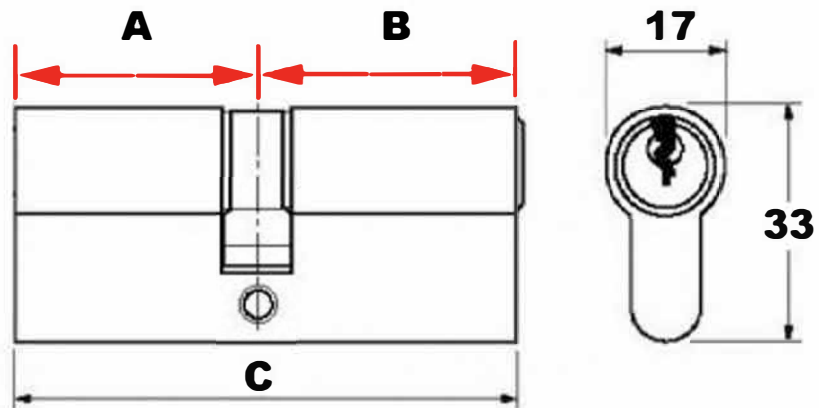

**Accessories:** Key blanks.
