

WINLOCK STRENGTHENS DOOR & WINDOW RANGE WITH NEW STRONGHOLD™ SECURITY GUARANTEE

We will be strengthening our product offering from June with the introduction of our Stronghold™ Security Guarantee.

Providing the highest level of guarantee on the market, we will offer up to £3,000 worth of compensation in the event of a burglary or break-in as a result of the failure of a Winlock Stronghold™ door or window security component. £1,000 to make your house secure; £1,000 to cover any insurance excess and £1,000 for the inconvenience will be paid directly to customers. What's more, the guarantee is valid for ten years and is fully transferable if you sell your house, making it a particularly attractive prospect for homebuilders and renovators.

" With new housing having to fully comply with PAS24 under Part Q regulations we hope to incentivise our customers to do the same for all installations with our new Stronghold™ Security Guarantee, " said Winlock Security's Managing Director Alan Parker.

"Our products are designed to provide the highest level of security; tested to PAS24 specification and beyond. We are therefore extremely confident that our doors and window security components will keep unwanted intruders out. We wanted to pass this assurance onto our customers, putting our money where our mouth is and offering them the highest value guarantee on the market."

Winlock's Stronghold™ Security Guarantee is available from June and valid on all Pas24 specification door or windows supplied by Winlock. Terms and conditions apply.
